Sir:

The Board High School of my place, Harapanahalli in Bellary District has been taken over by the Government as one of the Model Schools.

I need not say about the difficulty experienced by the Students in securing seats in the Colleges. Most of the Students after passing their S. S. L. C. Exams, do not get admission into Colleges and thus discontinue their Studies

2 There is only one College in Bellary,
for the whole district. The Western-
division of the district consists of six
talukhs, having eight high schools.

A A second grade college to start
with, can well be started at Harpanahalli.
I am prepared to collect a lakh of
rupees as donations from the public, before
the end of this academic year and deposit
the same to the credit of the Government.

I request that the Govt. may take
up this matter and try to open a college
at Harpanahalli.

Furthermore, I request you to kindly
move the University of Madras in this
matter and do all that is needed.

Thanking you

R.O.C.No. 1228-K2/52 dated 23rd October, 1952.

Sir,

Colleges--Opening of an Arts College at Harpanahalli,
Bellary district--Remarks.

Reference:-Government Memorandum No. 31813-G/52-1-Edn.,
dated 6-8-1952. *to 3 mile*

I am of opinion that there is no need for opening a second grade Government Arts College at Harpanahalli. The number of students passing the S.S.L.C. Examination from the high schools in the western taluks of Bellary district may vary from 100 to 150 every year while the number seeking admission to colleges may be considerably less. Harpanahalli, an interior taluk in Bellary district, does not seem to be a suitable centre for the location of an Arts College.

2. There is at present one aided second grade college in Bellary district, (i.e.) Veerasaiva College, Bellary. This college itself is still in the initial stage and has not yet been developed into a first grade college. Out of consideration for the needs of the district, Government have treated this college with exceptional favour and agreed to pay a half-grant towards the construction of its buildings. The sanctioned number of seats in the Intermediate in this college is 160 while the number of applications was 365 this year.

3. The need for another college in Bellary district is not as pressing as is sought to be made out by Sri Sirasappa nor is the promised contribution encouraging enough. It has been till now the policy of Government to start Government Colleges only in districts which did not have colleges. There is already an aided college in Bellary and the time is not appertune for doing anything more.

4. The opening of a new second grade Arts College with science courses is likely to entail a non-recurring expenditure of about rupees seven lakhs on buildings, equipment etc. and a recurring expenditure of about Rs. 70,000/- a year.

Yours faithfully,

W. K. K. K.

Education Dept.(G).

Sri Sirasappa Ijari, M.L.A., requests the Govt. to open a second grade Arts College at Harapanahalli, Bellary District, and promises to collect a lakh of rupees as donations from the public and deposit it to the credit of the Government. The Director^{who} was consulted in the matter, sees no need for opening a second grade Govt. Arts College at Harapanahalli for the following reasons:-

(i). The number of students passing the S.S.L.C. Examination from the high schools in the western taluks of Bellary district, may vary from 100 to 150 every year, while the number seeking admission to Colleges may be considerably less.

(ii). There is at present one aided second grade College in the district, viz., Veerasaiva College, which is still in its initial stages. Out of consideration for the needs of the district, Govt. have treated this College with exceptional favour and agreed to pay a half-grant towards the construction of its buildings.

(iii). Harpanahalli being an interior taluk in Bellary District, is not a suitable centre for the location of an Arts College.

(iv). It has been till now the policy of the Govt. to start Govt. Colleges only in districts which did not have Colleges. Bellary has got a College and time is not opportune to do anything more.

(v). The need for another College in Bellary district is not as pressing as is sought to be made out by Sri Sirasappa, nor is the promised contribution enough.

(vi). The opening of a College with Science courses will entail a non-recurring expenditure of about rupees 7 lakhs on buildings, equipment, etc., and a recurring

expenditure of about Rs.70,000/- a year.

On account of the prevailing financial stringency, the Govt. had to postpone or slow down the progress of even works which have been sanctioned already. In view of the huge financial implications involved in the proposal the time is not opportune to open a College in Harapanahalli. In the circumstances, the Director's view that there is no need for opening a second grade Govt. Arts College at Harapanahalli may be agreed to, and the M.L.A., informed accordingly. For orders.
